We are conducting a survey of 2012 graduates from universities in the Maritime Provinces. Is this the best number to reach <<sample.name>> at?

*(If the person knows the respondent but is hesitant to give number: We would really appreciate if you could provide their new number so we can reach them. They will only be called for the sole purpose of this research study on behalf of <<sample.uniname>> and it is very important to get their feedback.)*

*(If new number: On the disposition page you will have the option to make the current number inactive. Please make an informed decision. I'm calling from Advanis on behalf of <<sample.uniname>> and the Maritime Provinces Higher Education Commission. We are conducting surveys with individuals who graduated from a Maritime university in 2012. Your answers are important and will be kept strictly confidential.

At the end of the survey, you will have an opportunity to enter your name in a prize draw for one of ten prizes of \$500 each.

Would you have some time to speak with me now?

*If NEEDED: The purpose of the study is to explore graduates' educational experiences and to find out about their transitions and outcomes following their graduation. The information will be used by provincial governments and universities to evaluate and design policies pertaining to university students and graduates. And, once the survey results are compiled, a report will be published on the MPHEC website (www.mphec.ca).*

*The survey will take approximately 15-20 minutes to complete, depending on your answers.*

*Nova scotia Agricultural College (NSAC): If a student says they graduated from NSAC that is OK. NSAC recently merged with Dalhousie University so they may be more familiar with the name NSAC rather than Dalhousie.*
