

Programs Under Review
(May 10, 2019 to June 14, 2019)

Note: Information pertaining to each program is available in the language of the submitting institution only.

Program	Proposal Type	Program Description	Assessment Type	Decision (date, where applicable)
NEW BRUNSWICK				
Mount Allison University				
Bachelor of Commerce with specialization in Aviation <i>(originally proposed as a Bachelor of Commerce with Aviation Management)</i>	New	MTA is proposing a 120-credit Bachelor of Commerce with specialization in Aviation to complement its existing Interdisciplinary Bachelor of Science, Major in Aviation. This program is intended to train future managers and administrators in the aviation industry and comprises existing Commerce curriculum, one course in the Business of Aviation, and transfer credits in Aviation.	Stage II	Pending consideration by the QA Cttee at its next meeting
St. Thomas University				
Bachelor of Arts, Major in Journalism	Modification	STU is proposing to modify its program in response to the recommendations of an external review. Several courses will be replaced with new ones while others will be modified with the primary objective to incorporate more multi-media content through the curriculum. The number of credits for the Major overall has been reduced from 42ch to 36ch to be aligned with other STU BA Majors; courses will also now be open to students outside the Major in Journalism.	To be determined	Pending response to SI questions
Bachelor of Social Work	Modification	STU is proposing to move from a 15 month, post-baccalaureate Bachelor of Social Work (BSW) to a two-year BSW students can pursue after completing two years of undergraduate study in the liberal arts (that includes two pre-requisite social work courses). In the two years (60ch) of the BSW-specific content, students complete required courses in social work theory, group work theory, research methods, social work policy, etc. and two field placements.	Stage II	Pending consideration by the QA Cttee at its next meeting
Master of Social Work	New	STU is proposing to introduce a new Master of Social Work (MSW). The MSW will be a one year, full-time program open to students with Bachelor of Social Work. To obtain the degree, students complete three (6ch, each) required courses in theory, research methods, and social work policy and then choose to complete either a (450 hour) field placement or a thesis.	Stage II	Pending consideration by the QA Cttee at its next meeting
Université de Moncton				
Maîtrise en travail social à Maîtrise ès arts en travail social	Modification	L'UdeM propose de transformer la Maîtrise en travail social avec mémoire en une Maîtrise ès arts en travail social avec thèse afin que celle-ci soit reconnue comme une maîtrise de type recherche au sein de l'institution.	Stade I	Approuvé (27 mai 2019)
Doctorat en sciences physiques	Nouveau programme	L'UdeM propose d'offrir un doctorat en sciences physiques vise à former des chercheuses et chercheurs de haut niveau qui deviendront des chefs de file dans les domaines associés. En raison des forces vives présentes dans l'institution, cette formation doctorale regroupe principalement deux thématiques: l'optique et les matériaux. Le programme est composé de quatre cours, un examen prédoctoral et une thèse doctorale.	à déterminer	En attendant l'évaluation de Stade I

Baccalauréat en éducation secondaire (immersion/inclusion scolaire)	Nouveau programme	Description du programme non disponible	à déterminer	En attendant les commentaires
Maîtrise ès sciences interdisciplinaire en santé	Nouveau programme	Description du programme non disponible	à déterminer	En attendant les commentaires
University of Fredericton				
Associate in Occupational Health and Safety	New	The University of Fredericton's programs are offered in an online delivery format. The Associate Degree in Occupational Health and Safety (AOHS) is a program of study, intended to enable students to attain Canadian and international standard competencies, and applicable skills associated with occupational health and safety (OHS) workplace practices.	NBDGA	Pending receipt of Panel's Draft Report
Bachelor of Applied Safety Management	New	The mission of the Bachelor of Applied Safety Management (BASM) degree, to be offered by the University of Fredericton, is to provide an online four-year undergraduate degree, which addresses a critical occupational and societal need within a global context. The BASM degree will produce graduates who will have successful careers as managers, consultants, or program practitioners in an array of categorical safety attendance requirements associated with private and public sector entity responsibilities.	NBDGA	Pending receipt of Panel's Draft Report
University of New Brunswick				
Master of Applied Cybersecurity (UNB, Fredericton & Saint John)	New	UNB is proposing a one-year (12 month; 33 credit) Master of Applied Cybersecurity (MACSec) designed to enable students to explore major cybersecurity topics and learn and practice the current advanced techniques. The program consists of lecture- and lab-based courses (eight in total; seven required courses and one course chosen from a select list) as well as a capstone project that is completed through an industrial internship.	Stage I	Approved with conditions (May 24, 2019)
Graduate Certificate in Indigenous Counselling (UNB, Fredericton & Saint John)	New	Program description not available at this time	To be determined	Pending response to comments
Master of Education in Educational Administration and Leadership Master of Education in Curriculum and Instruction (UNB, Fredericton)	Modification	UNB is proposing to offer students the option to complete the MEd in Educational Administration and Leadership and the MEd in Curriculum and Instruction programs fully online.	To be determined	Stage I Assessment in progress
Bachelor of Education (Wabanaki 4-year Elementary) (UNB, Fredericton)	Modification	Program description not available at this time	To be determined	Stage I Assessment in progress
Bachelor of Education in Early Childhood Education (UNB, Fredericton)	New	Program description not available at this time	To be determined	Pending response to comments

Yorkville University				
Master of Education <i>(multiple programs)</i>	Existing / Modified	The MEd in Adult Education and MEd in Educational Leadership are being assessed as per the Minister's (September 2014 and March 2015) conditions to designation and in accordance with NBDGA policy.	NBDGA	Pending Minister's decision
Doctor of Counselling and Psychotherapy	New	The Yorkville University Doctor of Counselling and Psychotherapy is a practice-oriented doctoral-level program rooted in the "scholar-practitioner" model of professional education. The program emphasizes competencies for advanced counselling and psychotherapy practice. Students complete course work focused on an area of specialization within either mental health counselling and psychotherapy or couples and family therapy. Students are required to earn 60 credits during 10 terms, culminating in the capstone project, which includes three components: (s) Publishable and Critical Literature Review (PCLR); (b) Appropriate Research Question, and (c) Appropriate Methodology. The DCP program facilitates advanced training in counselling and psychotherapy and career advancement while preparing the highly competent counsellor and psychotherapist to contribute community service. To be considered for admission, applicants must (a) possess a master's degree in counselling or a related discipline, (b) be qualified to or already have registration or certification as a counsellor or psychotherapist, and (c) be currently employed (full-time or part-time) in counselling practice or have access to individual clients as a volunteer.	NBDGA	Pending YU response to Panel report

Dalhousie University				
MSc in Anatomy and Nuerobiology to MSc in Medical Neuroscience	Modification	Dal is proposing to modify both its Master of Science and PhD in Anatomy and Neurobiology. The proposed modifications would change the name of the programs from "Anatomy and Neurobiology" to "Medical Neuroscience". The name change is accompanied by modifications to the program structure, renaming of several courses, splitting a current 6ch course into two 3ch courses, and the addition of a compulsory (1ch) seminar course in both the master and doctoral programs.	Stage II	Pending consideration by the QA Cttee at its next meeting
PhD in Anatomy and Nuerobiology to PhD in Medical Neuroscience	Modification		Stage II	Pending consideration by the QA Cttee at its next meeting
Bachelor of Management <i>(Majors in: Knowledge Management [to be renamed Managing Data and Information], Entrepreneurship and Innovation, Leadership and Organizations, and Public Sector Management)</i>	Modification	Dal is proposing to modify four of its Bachelor of Management Majors in response to feedback provided in internal and external reviews, as well as to adapt to recent changes made to the program core. The modifications are intended to make the majors more accessible and appealing to students.	To be determined	Stage I Assessment in progress
Bachelor of Science - Nursing (Arctic Nursing)	Modification	Program description not available at this time	To be determined	Pending receipt of comments

St. Francis Xavier University				
Bachelor of Science in Nursing, Accelerated Online Option for LPNs	Modification	StFX is proposing to introduce an online delivery option to complement its on-campus BScN, Accelerated Option for LPNs, which was approved in 2016. The proposed online delivery option requires the same course content as the on-campus program but is completed over three years (nine semesters) part-time study rather than five semesters of concurrent full-time enrolment, following completion of the two-term bridging component. Students in the online program are required to participate in three (one per year) intensive on-campus sessions to practice skills in a simulation lab.	Stage I	Approved with conditions (May 21, 2019)
Master of Science in Computer Science	New	Program description not available at this time	To be determined	Stage I Assessment in progress
Master of Applied Science in Computer Science	New	Program description not available at this time	To be determined	Pending receipt of comments
Master of Applied Science in Computer Science with Co-op				
Post-baccalaureate Diploma in Artificial Intelligence	New	Program description not available at this time	To be determined	Pending receipt of comments
Master of Arts in Celtic Studies	New	Program description not available at this time	To be determined	Pending receipt of comments
University of King's College				
Master of Journalism <i>(replaces Master of Journalism with Investigative and New Ventures streams)</i>	Modification	UKC is proposing modifications to its Master of Journalism programs. Modifications include increasing the length of study (from 10-months/30ch to 18-months/33ch); opening admissions to students with a bachelor's degree in a field other than journalism (for those without related work experience, an additional 4-months/21ch of study will be required); eliminating the dedicated streams (i.e., Investigative Journalism and New Ventures); as well as modifications to course content (e.g., introduction of new courses / removal of others; introduction of electives). The modifications are proposed in response to recommendations from an external review.	Stage I	Approved with conditions (May 13, 2019)
