

**APPENDIX D**

**Program Proposals Considered for Approval**

April 1, 2011 – March 31, 2012

<b>Program</b>	<b>Date of Receipt</b>	<b>Proposal Type</b>	<b>Program Description</b>	<b>Regional Designation (if approved)</b>	<b>Assessment Type</b>	<b>Decision</b>
<b>Acadia University</b>						
Bachelor of Arts with Honours in Environmental and Sustainability Studies	May 27, 2011	New Program	Acadia is proposing the addition of an honours option to its existing Major in Environmental and Sustainability Studies in its Bachelor of Arts program. Students must complete the requirements for the Major as well as an honours thesis and an additional 6ch of ESST courses to obtain the BA Honours.	Not Regional	Stage I	Approved (Aug. 10, 2011)
Bachelor of Business Administration with Computer Science  to  Bachelor of Business Administration with a Major in Business Technology Management	June 6, 2011	Modification	Acadia is proposing to replace its BBA with Computer Science with a BBA with a Major in Business Technology Management. The same set of core courses as required for the general BBA degree is required for the BBA with Major in BTM degree. The change mainly involves specifying a new set of required and recommended electives. Courses in this Major provide business students an opportunity to develop their knowledge of information and communication technologies and gain insights into the process of leveraging them in today's organizations.	Not Regional	Stage I	Approved (Aug. 15, 2011)
Bachelor of Business Administration with a Major in Entrepreneurship and Innovation	June 6, 2011	Modification	The objective of the proposed four-year, 120h BBA with Major in Entrepreneurship and Innovation is to introduce students to entrepreneurship and innovation theory, social entrepreneurship and venture creation. Students will complete 60h of business and non-business courses required for the degree and an additional 21h of Entrepreneurship and Innovation related courses to receive the Major. Students will have the opportunity to participate in a three term cooperative education program.	Not Regional	Stage I	Approved (Aug. 23, 2011)
Bachelor of Recreation Management with Honours in Environmental and Sustainability Studies	May 27, 2011	New Program	Acadia is proposing the addition of an Honours option to its existing Major in Environmental and Sustainability Studies in its Bachelor of Recreation Management program. Students must complete the requirements for the Major as well as an honours thesis and an approved research course to obtain the honours.	Regional to PE  (offered in NB and NS)	Stage I	Approved (Aug. 10, 2011)
Integrated Bachelor of Music (Music Education) & Bachelor of Education	Feb. 8, 2012	New Program	Acadia is proposing an integrated Bachelor of Music (Music Education) and BEd program that would allow students to complete both degrees over five years, rather than the six years currently required to complete the degrees separately.	To be determined	To be determined	Pending
<b>Cape Breton University</b>						
Bachelor of Arts, Concentration in French	Sep. 27, 2011	Modification	CBU is proposing a (30ch) Concentration in French within the three-year BA. Students complete courses in Language Acquisition, Literature and Culture; at least 12ch must be completed at the 300-level or above.	Not Regional	Stage II	Pending

\* Proposal underwent modification as a result of the program assessment process.

Program	Date of Receipt	Proposal Type	Program Description	Regional Designation (if approved)	Assessment Type	Decision
<b>Cape Breton University (Continued)</b>						
Bachelor of Business Administration, Major in Marketing	Apr. 5, 2011	New Program	CBU is proposing a 120ch, four-year BBA with a Major in Marketing. Students will be required to complete 66ch of required core courses and 54ch of electives, from which 24ch must be Marketing or Marketing-related to obtain the major.	Not Regional	Stage I	Approved (May 25, 2011)
<b>Dalhousie University</b>						
Bachelor of Commerce (Co-op), Major in Business Management to Bachelor of Commerce (Co-op), Major in Managing People and Organizations	Dec. 20, 2011	Modification	DAL is proposing to change the name of its existing Bachelor of Commerce (Co-op), Major in Business Management, to a Bachelor of Commerce (Co-op), Major in Managing People and Organizations, to more accurately reflect the nature of the courses that make up the major.	Not Regional	Stage I	Approved (Feb. 15, 2012)
Bachelor of Science (Recreation) Honours and Honours Conversion Bachelor of Science (Recreation) Honours and Honours Conversion / Bachelor of Management	Apr. 6, 2011	Modification	DAL is proposing to add Honours and Honours Conversion options to its BSc Recreation Management and Therapeutic Recreation streams. To obtain the Honours component of each stream, students are required to complete a minimum of 75ch toward the BSc (Recreation), an internship and an honours thesis. To obtain an Honours Conversion, students must apply to the registrar's office, obtain a cumulative GPA of 3.5, an internship and an honours thesis.	Regional to PE (Offered in NB and NS)	Stage I	Approved (June 15, 2011)
Combined Master of Business Administration/Master of Library and Information Sciences	Mar. 22, 2011	Termination	The University is proposing to terminate this combined degree program; students will still have the option to complete the two degrees separately.	Not Regional	Stage I	Approved (Apr. 20, 2011)
Master in Genetic Counselling	Jun. 17, 2011	New Program	The Master in Genetic Counselling program will be situated within the Faculty of Medicine, Department of Pediatrics. The program will provide the academic foundation and clinical training required for the contemporary practice of genetic counselling. It is directed at optimizing clinical practice through an integrated approach to genetic counselling and expanding knowledge of the research. This two-year program consists of 48 required credit hours which include: core courses, clinical rotations, and independent research study.	Regional to NB and PE (Offered in NS)	Stage I	Approved (Sept. 13, 2011)
<b>Nova Scotia Agricultural College</b>						
Bachelor of Science (Agr), Major Agricultural Mechanization to Bachelor of Science (Agr), Major Integrated Environmental Management	Jul. 28, 2011	Modification	The course content of the existing program is being reorganized with some changes to course names and descriptions for clarification purposes. Ten courses of the forty courses in the program are being deleted and replaced by new courses in the area of waste management and energy.	Regional to NB and PE (offered in NS)	Stage II	Pending

Program	Date of Receipt	Proposal Type	Program Description	Regional Designation (if approved)	Assessment Type	Decision
<b>Nova Scotia Agricultural College (Continued)</b>						
Bachelor of Technology, Applied Science	Jul. 28, 2011	Modification	NSAC is proposing to modify some of the content and titles of existing courses with changes in semesters offered. Three new required and two new elective courses have also been identified. The changes proposed are related to modifications in the proposed Bachelor of Science (Agr), Major Integrated Environmental Management.	Regional to PE (offered in NB and NS)	Stage I	Approved (Dec. 1, 2011)
Bachelor of Technology, Major Landscape Horticulture to Bachelor of Technology, Major Environmental Landscape Horticulture	Jul. 28, 2011	Modification	Ten of the current courses are being replaced with others already taught at NSAC, to facilitate integration of the Canadian Nursery and Landscape Association Certified Horticultural Technician (CHT) program into the existing curriculum. This requires inclusion of CHT components in course content, to prepare individuals to take the written and practical exams for CHT certification.	Regional to NB and PE (Offered in NS)	Stage II	Pending
<b>Nova Scotia College of Art and Design</b>						
Bachelor of Arts (Major in Art History) *	Mar. 28, 2011	Modification	NSCAD is proposing to add an alternate entry stream to its existing BA (Major in Art History) (approved in July 2005). To accommodate this stream, NSCAD will require students to complete an additional 30 Liberal Arts and Sciences (LAS) credits rather than the 30 credits in Studio credits required of students in the existing program.	Regional to PE (offered in NB and NS)	Stage II	Approved with conditions (Oct. 28, 2011)
Bachelor of Fine Arts (Major in Textiles) to Bachelor of Fine Arts (Major in Textiles/Fashion)	May 19, 2011	Modification	NSCAD is proposing to modify its existing Bachelor of Fine Arts, Major in Textiles to a Major in Textiles/Fashion. The current program content (which includes a two-stream model of weaving, and dye and print and screen-printing (structure and surface) will be expanded to a three-stream model of weaving, dye and print, and fashion (structure, surface and form). Students will be able to select courses from the three related areas, combining conceptual and technical skills with greater breadth than is currently the case.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Jun. 29, 2011)
<b>Saint Mary's University</b>						
Bachelor of Arts (Co-op) ( <i>multiple programs</i> )	Dec. 20, 2011	Modification	SMU is proposing to add Cooperative Education to the BA degree as an optional enrichment program.	Varies by program	Stage I	Approved (Feb. 28, 2012)
Bachelor of Science, Major/Honours in Environmental Studies to Bachelor of Science, Major/Honours in Environmental Science	Jun. 9, 2011	Modification	The proposal is submitted as a name change only.	Not Regional	Stage I	Approved (Aug. 10, 2011)

\* Proposal underwent modification as a result of the program assessment process.

Program	Date of Receipt	Proposal Type	Program Description	Regional Designation (if approved)	Assessment Type	Decision
<b>Saint Mary's University (Continued)</b>						
Master of Arts in Geography	Mar. 28, 2012	New Program	SMU is proposing to introduce a new MA in Geography that can be completed on either a full-time or a part-time basis. To obtain the degree, students complete two required courses, two electives from a select list, as well as a thesis.	To be determined	To be determined	Pending
Master of Science in Applied Science	Feb. 22, 2011	Modification	SMU is proposing modifications to its MSc in Applied Science in response to comments received through an external review. The primary change includes a reduction in the number of courses and co-op work terms to be completed. Additional disciplines are also being brought into the program to further broaden its interdisciplinary nature.	Regional to PE (offered in NB and NS)	Stage I	Approved (Jun. 21, 2011)
PhD in International Development Studies *	Jan. 14, 2011	New Program	The proposed PhD in International Development Studies will be a three- to seven-year, research-based program which focuses on the political economy of globalization. Students are required to take two full-year courses, prepare and defend a thesis proposal, and research and write a dissertation which is to be publicly defended.	Regional to NB and PE (Offered in NS)	Stage II	Approved (Feb. 17, 2012)
<b>St. Francis Xavier University</b>						
<i>Modifications to the Bachelor of Information Systems (including CO-OP option) from:</i>  (1) General; (2) Majors in Enterprise Resource Planning, E-Business or Management Information Systems; and (3) Honours in Enterprise Resource Planning, E-Business or Management Information Systems  to  (1) General; (2) Majors in Enterprise Systems or IT Management; and (3) Honours in Enterprise Systems or IT Management	May 17, 2011	Modification	StFX is proposing to modify its Bachelor of Information Systems by terminating its E-Business Major/Honours and changing the names of its Majors/Honours in Enterprise Resource Planning and Management Information Systems to Enterprise Systems and IT Management, respectively.	Varies by program	Stage I	Approved (March 13, 2012)
Bachelor of Science in Human Nutrition with Integrated Dietetic Internship option  to  Bachelor of Science in Human Nutrition and a Diploma in Integrated Dietetic Internship	May 17, 2011	Modification	StFX is proposing to change the name and credentials granted for its existing BSc in Human Nutrition with Integrated Dietetic Internship option, to now be a BSc in Human Nutrition and a Diploma in Integrated Dietetic Internship, to better reflect the way the program has been offered.	Regional to NB (offered in NS and PE)	Stage II	Pending

\* Proposal underwent modification as a result of the program assessment process.

Program	Date of Receipt	Proposal Type	Program Description	Regional Designation (if approved)	Assessment Type	Decision
<b>St. Thomas University</b>						
Bachelor of Arts, Honours/Major in Science and Technology Studies	Jan. 16, 2012	New Program	The Science and Technology Studies (STS) program was established in 1996 and since then has offered students the opportunity to complete the equivalent of a Minor, Major, or Honours in STS under the umbrella of Interdisciplinary Studies. This proposal seeks approval to grant students a Major or Honours degree in STS for the work completed, rather than a BA in Interdisciplinary Studies.	To be determined	Stage II	Pending
<b>Université de Moncton</b>						
Baccalauréat en administration des affaires (comptabilité) & (comptabilité - régime coopératif)	Oct. 13, 2011	Modification	These changes were made as part of the planned reconfiguration of programs at the Université de Moncton. The university is proposing to reduce the total number of credits for the Baccalauréat en administration des affaires program from 127 to 120. The bachelor programs in business administration with concentrations will become honours degree programs in business administration. This change applies to the faculty's eight areas of concentration.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Dec. 1, 2011)
Baccalauréat en administration des affaires (finance)	Oct. 13, 2011	Modification	These changes were made as part of the planned reconfiguration of programs at the Université de Moncton. The university is proposing to reduce the total number of credits for the Baccalauréat en administration des affaires program from 127 to 120. The bachelor programs in business administration with concentrations will become honours degree programs in business administration. This change applies to the faculty's eight areas of concentration.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Dec. 1, 2011)
Baccalauréat en administration des affaires finance (régime coopératif)	Oct. 28, 2011	New Program	The 120-credit program was developed based on the parameters of the university's reconfiguration of programs. The program consists of 60 credits in core courses (of which 24 are common core courses for all of the B.B.A. programs and 36 are discipline-specific courses) and 60 credits in general education. The co-op option will require the successful completion of three paid internships.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Dec. 1, 2011)
Baccalauréat en administration des affaires (général)	Oct. 13, 2011	Modification	These changes were made as part of the planned reconfiguration of programs at the Université de Moncton. The university is proposing to reduce the total number of credits for the Baccalauréat en administration des affaires program from 127 to 120. The bachelor programs in business administration with concentrations will become honours degree programs in business administration. This change applies to the faculty's eight areas of concentration.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Dec. 1, 2011)

Program	Date of Receipt	Proposal Type	Program Description	Regional Designation (if approved)	Assessment Type	Decision
<b>Université de Moncton (Continued)</b>						
Baccalauréat en administration des affaires (gestion des opérations) & (gestion des opérations - régime coopératif)	Oct. 13, 2011	Modification	These changes were made as part of the planned reconfiguration of programs at the Université de Moncton. The university is proposing to reduce the total number of credits for the Baccalauréat en administration des affaires program from 127 to 120. The bachelor programs in business administration with concentrations will become honours degree programs in business administration. This change applies to the faculty's eight areas of concentration.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Dec. 1, 2011)
Baccalauréat en administration des affaires (gestion internationale) & (gestion internationale - régime coopératif)	Oct. 13, 2011	Modification	These changes were made as part of the planned reconfiguration of programs at the Université de Moncton. The university is proposing to reduce the total number of credits for the Baccalauréat en administration des affaires program from 127 to 120. The bachelor programs in business administration with concentrations will become honours degree programs in business administration. This change applies to the faculty's eight areas of concentration.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Dec. 1, 2011)
Baccalauréat en administration des affaires (management)	Oct. 13, 2011	Modification	These changes were made as part of the planned reconfiguration of programs at the Université de Moncton. The university is proposing to reduce the total number of credits for the Baccalauréat en administration des affaires program from 127 to 120. The bachelor programs in business administration with concentrations will become honours degree programs in business administration. This change applies to the faculty's eight areas of concentration.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Dec. 1, 2011)
Baccalauréat en administration des affaires (marketing) & (marketing - régime coopératif)	Oct. 13, 2011	Modification	These changes were made as part of the planned reconfiguration of programs at the Université de Moncton. The university is proposing to reduce the total number of credits for the Baccalauréat en administration des affaires program from 127 to 120. The bachelor programs in business administration with concentrations will become honours degree programs in business administration. This change applies to the faculty's eight areas of concentration.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Dec. 1, 2011)
Baccalauréat en administration des affaires (systèmes d'information organisationnels) & (systèmes d'information organisationnels - régime coopératif)	Oct. 13, 2011	Modification	These changes were made as part of the planned reconfiguration of programs at the Université de Moncton. The university is proposing to reduce the total number of credits for the Baccalauréat en administration des affaires program from 127 to 120. The bachelor programs in business administration with concentrations will become honours degree programs in business administration. This change applies to the faculty's eight areas of concentration.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Dec. 1, 2011)
Baccalauréat ès arts, majeure en anglais	Nov. 2, 2011	Modification	Changes made as part of the planned reconfiguration of programs at the Université de Moncton.	Not Regional	Stage I	Approved (Dec. 20, 2011)

Program	Date of Receipt	Proposal Type	Program Description	Regional Designation (if approved)	Assessment Type	Decision
<b>Université de Moncton (Continued)</b>						
Baccalauréat ès arts, majeure en histoire Baccalauréat ès arts, spécialisation en histoire	Nov. 2, 2011	Modification	Changes made as part of the planned reconfiguration of programs at the Université de Moncton.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Dec. 20, 2011)
Baccalauréat en science infirmière	Jan. 11, 2011	Modification	The proposed program will help prepare graduates for the labour market and graduate studies. The program consists of 21 credits in general education, 30 credits in related sciences, and 69 credits in the main discipline. Although the university reconfiguration project recommends 60 credits in the main discipline, 30 credits in related disciplines and 30 credits in general education, the École réseau de science infirmière (ÉRSI) submitted a request for an exemption in order to meet professional association requirements with respect to nursing skills that need to be developed and required clinical hours (1400 hours).	Regional to NS and PE (Offered in NB)	Stage I	Approved (May. 5, 2011)
Diplôme d'études supérieures en counselling de carrière	Nov. 18, 2011	Termination	Since the program was introduced in 1998, there have only been two graduates. Moreover, there have been no enrolments in this program over the past five years. This request for termination also stems from the recommendations adopted by the Conseil des gouverneurs as part of its assessment of the masters in guidance programs.	Not Regional	Stage I	Approved (Dec. 20, 2011)
Doctorat en psychologie (Ph.D.)	Jul. 13, 2011	Modification	The proposed changes to the Doctorat en psychologie (Ph.D.) mainly consist of removing the training components of the professional practice of psychology and focusing the program on general scientific psychology and research in psychology.	Regional to NS and PE (Offered in NB)	Stage II	Approved with conditions (Feb. 17, 2012)
Doctorat en psychologie, profil professionnel *	Jul. 12, 2010	New Program	The proposed program is intended for students who want a career in professional psychology. It leads to a Ph.D. in psychology (D. Psy.) from an undergraduate degree in that field. The current program has a total of 120 credits divided over three years of courses, practicums, and research activities, as well as a one-year internship. Most of the program requirements are relevant to the development of knowledge and skills specific to each of the six essential competencies. Other compulsory and elective courses deal with the biological, individual, social, and cognitive-affective foundations of behaviour in accordance with the Mutual Recognition Agreement. The program normally lasts four years and must be completed within six years. Two years of residency are required.	Regional to NS and PE (Offered in NB)	Stage II	Approved (Oct. 28, 2011)

\* Proposal underwent modification as a result of the program assessment process.

Program	Date of Receipt	Proposal Type	Program Description	Regional Designation (if approved)	Assessment Type	Decision
<b>Université de Moncton (Continued)</b>						
<i>Modifications to the following:</i> (1) L.L.B. to J.D. (2) L.L.B.-M.A.P. to J.D.-M.A.P. (3) L.L.B.-M.B.A. to J.D.-M.B.A. (4) L.L.B.-M.E.E. to J.D.-M.E.E.	Aug. 3, 2011	Modification	UdeM is proposing to replace the Bachelor of Laws (L.L.B) designation with the Juris Doctor (J.D.) designation.	Regional to NS and PE  (Offered in NB)	Stage I	Approved  (Sept. 28, 2011)
Maîtrise ès arts (psychologie)	Jul. 13, 2011	Modification	The proposed changes to the Maîtrise ès arts (psychologie) program mainly consist of removing the training components of the professional practice of psychology and focusing the program on general scientific psychology and research in psychology.	Regional to NS and PE  (Offered in NB)	Stage II	Approved  (Feb. 17, 2012)
Mineure en management	Oct. 13, 2011	Termination	Terminated as part of the Université de Moncton program reconfiguration project.	Not Regional	Received for Information and Record	
Mineure en technologie de la gestion	Oct. 13, 2011	Termination	This program was terminated as part of the Université de Moncton program reconfiguration project.	Not Regional	Stage I	Approved  (Jan. 18, 2012)
Mineure en traduction	Oct. 28, 2011	Termination	UdeM is proposing to terminate its Mineure en traduction due to low enrolment. The program had not been approved by the MPHEC and therefore does not require a proposal to terminate.	Not Regional	Received for Information and Record	
Ph.D. en sciences de la vie *	Sept. 13, 2010	New Program	The proposed program can be completed in three-to-five years and provides training for specialists in one of the following fields: (1) Ecology, evolution, and environment; (2) Molecular and cellular biology and physiology. Students must complete 9ch in seminars and graduate-level courses, as well as a pre-doctoral exam and thesis to obtain the degree.	Regional to NS and PE  (Offered in NB)	Stage II	Approved  (Jun. 27, 2011)
<b>University of New Brunswick</b>						
Bachelor of Arts, Double Major in Linguistics  (UNB Saint John)	Jun. 10, 2010	New Program	The proposed program is one component of a Double Major, completed as part of a four-year, 120ch BA program. The Linguistics component requires students to complete 30ch of courses, including two required Linguistics courses and eight electives chosen from two possible lists of approved courses.	Not Regional	Stage II	Not Approved  (May 6, 2011)

\* Proposal underwent modification as a result of the program assessment process.

Program	Date of Receipt	Proposal Type	Program Description	Regional Designation (if approved)	Assessment Type	Decision
<b>University of New Brunswick (Continued)</b>						
Bachelor of Business Administration with Concentration in Aviation and Operations Management  to  Bachelor of Business Administration with: (1) Concentration in Aviation (plus another subject) (2) Concentration in Logistics  (UNB Fredericton)	Dec. 19, 2011	Modification	Currently, UNBF offers a combined Concentration in Aviation and Operations Management. It is proposing to separate the two components so that: (1) students will have the option of completing a Concentration in Aviation in parallel to any other existing BBA Concentration or Honours option and (2) students can complete a Concentration in Operations Management, to be renamed Logistics, without a Concentration in Aviation, should they so choose.	Not Regional	To be determined	Pending
Bachelor of Geomatics  (UNB Fredericton)	Apr. 5, 2011	Modification	UNB is proposing a new three-year (120ch; 40ch per year) baccalaureate degree intended to provide students the opportunity to study Geomatics outside an engineering degree. Students complete 112ch in required courses, and choose 8ch from a list of electives. A Cadastral surveying option is also available, which requires an additional 5ch of specified technical electives.	Regional to NS and PE  (Offered in NB)	Stage I	Approved  (Jun. 29, 2011)
Bachelor of Law (LL.B.)  to  Juris Doctor (J.D.)  (UNB Fredericton)	Nov. 9, 2011	Modification	UNB is proposing a name change from Bachelor of Laws (LL.B.) to Juris Doctor (J.D.)	Regional to PE  (Offered in NB and NS)	Stage I	Approved  (Dec. 7, 2011)
Certificate in Actuarial Science  (UNB Fredericton)	Sept. 6, 2011	New Program	UNBF is proposing a Certificate to prepare students for a career in the actuarial profession. The program requires the completion of nine required courses (27ch) and is aimed at preparing students for professional qualification in the actuarial profession.	Not Regional	Received for Information and Record	
Certificate in Mental Health Studies  (UNB Saint John)	Sept. 29, 2011	New Program	UNBSJ is proposing a Certificate in Mental Health Studies designed to provide additional education to professionals working in mental health-related fields (e.g., nursing, outreach/support workers, youth workers, correctional officers, social workers, counselors). The 36ch program can be completed on either a full-time or a part-time basis and includes three required courses as well as nine electives chosen from four groups of psychology courses.	To be determined	To be determined	Pending

Program	Date of Receipt	Proposal Type	Program Description	Regional Designation (if approved)	Assessment Type	Decision
<b>University of New Brunswick (Continued)</b>						
Master of Education in Guidance and Counselling to Master of Education in Counselling * (UNB Fredericton/UNB Saint John)	Oct. 13, 2011	Modification	UNB is proposing to modify its existing MEd in Guidance and Counselling (to be renamed, MEd in Counselling), to ensure that all graduates regardless of whether they complete a course-based or research-based degree, meet professional standards of practice. The modified program includes additional course work for those completing the project or thesis route of the MEd.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Mar. 13, 2012)
Addition of co-op option to: (1) Master of Engineering (multiple programs) (2) Master of Science in Engineering (multiple programs) (3) PhD in Engineering (multiple programs) (UNB Fredericton/UNB Saint John)	Dec. 15, 2011	Modification	UNB is proposing to add a co-op option to its existing MEng/MScE/PhD (Engineering) programs. Upon completion, it is expected that students will have practical "real world" experience to accompany their intellectual knowledge. Ideally, students can link their research work with the practical work experience.	Regional to PE (Offered in NB and NS)	To be determined	Pending
Minor in Information Systems (UNB Fredericton)	Nov. 9, 2011	Modification	UNBF is proposing to introduce a new Minor in Information Systems that requires students to complete Information Systems, Computer Science and Business courses. It is expected that BBA students would most likely pursue this Minor.	Not regional	Received for Information and Record	
Minor in Theatre to Minor in Drama (UNB Fredericton)	Nov. 9, 2011	Modification	UNBF is proposing to modify its Minor in Theatre including some course modifications, introduction of one new course, and a change to the name of the Minor to now be a "Minor in Drama."	N/A	Received for Information and Record	
PhD in Experimental & Applied Psychology to PhD in Experimental Psychology (UNB Fredericton/UNB Saint John)	Jan. 27, 2012	Modification	The proposal is submitted as a name change only.	Regional to PE (Offered in NB and NS)	Stage I	Approved (Mar. 13, 2012)
<b>University of Prince Edward Island</b>						
Bachelor of Arts, Honours in Philosophy	May 10, 2011	New Program	UPEI is proposing an Honours in Philosophy program, which will be especially useful to those intent on going to graduate school. Students must complete 126 semester hours, with at least 54 semester hours in Philosophy. A written thesis and oral defense are required as part of this program.	Not Regional	Stage I	Approved (Jun. 29, 2011)

\* Proposal underwent modification as a result of the program assessment process.

Program	Date of Receipt	Proposal Type	Program Description	Regional Designation (if approved)	Assessment Type	Decision
<b>University of Prince Edward Island (Continued)</b>						
Bachelor of Science Engineering in Integrated Engineering  Diploma in Engineering	Dec. 23, 2011	New Program	UPEI currently offers a Diploma in Engineering that is common within the Dalhousie Associated University system. It is proposing to expand its engineering offerings to include a new Bachelor of Science Engineering in Integrated Engineering. All students would enroll in the Diploma (revised from three years' duration to two) and would choose to pursue an additional two years either at Dalhousie University (or UNB) in a traditional engineering discipline (e.g., chemical, civil, electrical), or at UPEI in Integrated Engineering. Students who complete the new Integrated Engineering program would have the opportunity to complete a general program or a program with one of the following specializations: Physics, Chemistry, Biology, Math, Computer Science or Management.	To be determined	Stage II	Pending
Master of Science, Biology and Chemistry*  to  Master of Science: (1) Molecular and Macromolecular Science (2) Environmental Sciences (3) Human Development and Health <i>Renamed: Human Biology</i>	May 10, 2011	Modification	UPEI is proposing to re-designate the disciplinary areas within its MSc program so that the MSc in Biology and MSc in Chemistry will be replaced by MSc programs in the following disciplinary areas: 1) Molecular and Macromolecular Sciences; 2) Environmental Sciences; and 3) Human Development and Health ( <i>renamed Human Biology</i> ). The original disciplinary area of Biology will now mainly be covered by Environmental Sciences and Human Development and Health, while the original disciplinary area of Chemistry will now be covered by Molecular and Macromolecular Sciences and Environmental Sciences. No changes are being proposed to the program requirements which include a research-based thesis, a seminar course and two other substantive courses, of which only one can be a directed studies course.	Not regional	Stage II	Approved  (Feb. 17, 2012)
PhD in Environmental Sciences *	Jun. 22, 2010	New Program	The proposed PhD in Environmental Sciences is a four- to seven-year interdisciplinary, research-oriented program with supplementary non-traditional training and certification in Environmental Communication Strategies. A research dissertation and a core set of environment-oriented courses will constitute the foundation of each student's program, both of which will be complemented with an array of elective courses. The program also includes a 75-hour internship.	Not Regional	Stage II	Approved  (Jun. 27, 2011)
